## Article description

Screw-caps with aperture, GL 32, PBT, red, aperture bore 20 mm

The articles listed under "article number" are hereby confirmed to have been produced using a quality system conforming to ISO 9001 and comply with the DWK Life Sciences quality standards.

## Regulatory compliance (PBT)

The red PBT with 30% glass fiber resin used to manufacture the screw cap listed above conforms to the following standards:

- Commission Regulation (EU) No.10/2011 and its subsequent amendment, as all raw materials (monomers/additives) are listed in Annex 1 of (EU) No.10/2011
- FDA CFR 21 Part 177.1660 with the usage conditions A to H+J for all food contact of Poly (tetramethylene terephthalate)
- FDA CFR 21 Part 178.3297 (Colorants for Polymers)
- EU Resolution of the Council of Europe AP (89) 1 (Colorants in plastic materials)
- BfR Recommendation IX (Colorant)

## Statement on BSE/TSE

We confirm that the raw material used in the manufacture of the referenced product is not of animal origin. Accordingly, transmission of animal spongiform encephalopathy agents via the mentioned components is extremely improbable. We therefore state that these materials and the product is to be considered safe to use in food, pharmaceutical and cosmetic contact applications with respect to BSE and TSE transmissions.

## Statement regarding natural rubber latex

We confirm that during the manufacturing of the product listed above, natural rubber latex or derivatives of latex are not used or intentionally incorporate into it.

## Statement regarding DEHP

We confirm that during the manufacturing of the above product, we do not use or intentionally incorporate into it any of the following chemicals:

- Bis(2-ethylhexyl) phthalate (DEHP)
